

**1. Complete name of the enterprise/company**  
"SENSI" Ltd.

**2. Name, surname and position of the managing director of the enterprise/company**

Podosinnikov Sergey General Director

**3. Contact data of the enterprise/company and of the person authorized to work with foreign partners (postal address, e-mail, telephone/fax)**

Company contacts:

40022, Ukraine, Sumy, Topolanskaja str, 9/4

e-mail: info@sensi.com.ua

phone/Fax: +380-542-78-14-58

The contact person:

Galinsky Dmitry - Deputy General Director.

**4. Enterprise/company profile**

SENSI Ltd. is one of the leading OEM of high pressure piston compressors for air, technological gases, natural gas with capacities from 37 kW to 700 kW and with pressure up to 400 Bar(g). The company was established in 1993. Our personnel consist of 77 high skilled professionals. The production area is 1800 m<sup>2</sup> and includes the following divisions: machining (25 units of metalworking equipment), fitting-assembly, argon welding, automation and control systems assembling and hydro-pneumatic test stand.

The design department of the company develops technical documentation in modern projecting systems.

The company specializes in the following fields:

- development, manufacture and supply of gas and air compressor equipment on the basis of medium and high-pressure piston compressors on the balanced opposite horizontal frames 2M2.5/4M2.5/2M6.0/4M6.0 with air and water cooling of cylinders, with lubrication of cylinders and rod seals or without lubrication produced by SENSI, as well as on the basis of compressors of leading foreign companies: GE (USA); Delta Compression S.R.L. (Argentina); NP, FG (Italy); LMF (Austria);
- development, manufacture and supply of Natural Gas Vehicle refill compressor stations (NGV station) with range of gas inlet pressure from 0.02 up to 5.5 Bar(g) and discharge pressure 250 Bar(g);
- development, manufacture and supply of gas compressor equipment on the basis of screw compressors of the leading global producers;
- development, manufacture and supply of block (module) and stationary compressor stations of different purposes, including associated petroleum gas compression, produced in correspondence with the customer's technical task;
- development, manufacture and supply of special mobile compressor stations: self-moving (on the basis of trucks); moving (on the basis of automobile trailers); portable (block, transported with automobiles and other transport) for gas and air injection to gas pipelines and their testing for tightness; gas transfer (disposal) from emergency section of gas pipelines; formation of supports for work of other compressor equipment (booster compressors); fuel gas compression and supply for loading of gas turbine drives; gaseous nitrogen compression and transfer;

- supervision of assembling and pre-commissioning work, warranty and post-warranty service;
- development, manufacture and supply of control systems of technological processes and industrial lines, automation and control systems of NGV refill compressor stations and APG compression stations, compressor and pumping plants;
- development, manufacture and supply of air and water cooling equipment for enterprises of chemical and food industry;
- repair of pumping and compressor equipment, supply of spare parts.

We perform the full complex of work for the implementation of compressor equipment in manufacture: its production, supply, installation, pre-commissioning work, warranty service; we assist in project works performing in the binding of the equipment to location, consult the customers.

**5. If the enterprise/company already exports to foreign markets? Which products/services?**

Russian Federation, Kazakhstan, Uzbekistan, Turkmenistan, Armenia, Georgia, Belarus

**6. What regions (countries) are of particular interest for your enterprise/company regarding exports operations? Which products/ services your enterprise/company is ready to export?**

Countries of the Asian-Pacific region and Eastern Europe

Production: air and gas compressor equipment, spare parts for oil-and-gas industry

**7. What infrastructure or investment projects, tenders abroad are of particular interest for the enterprise/company regarding your participation?**

Oil and Gas enterprises, investment projects and tenders in enterprises of oil and gas industry.
